## **ATTENTION CUSTOMERS**

At the regular Board Meeting on March 16, 2021 the Board of Directors unanimously agreed to make the following changes to SECTION G. RATES AND SERVICE FEES of the Tariff of the Special Utility District. The new rates will reflect on your April 2021 reading and your bill that will be due May 15, 2021.

During the same Board Meeting the Board of Directors also agreed to increase the new monthly minimum by \$1.50 in March 2022 for a new monthly minimum of \$18.50. In March 2023 there will also be a monthly minimum increase of \$1.50 bringing the new monthly minimum to \$20.00.

In comparing water rates with area Water Systems, West Gregg will still have the lowest rates in this area. West Gregg SUD has not increased their rates in since March of 2018. Due to the increase in fuel, utilities, materials and other operating expenses this has forced us to increase our water rates.
